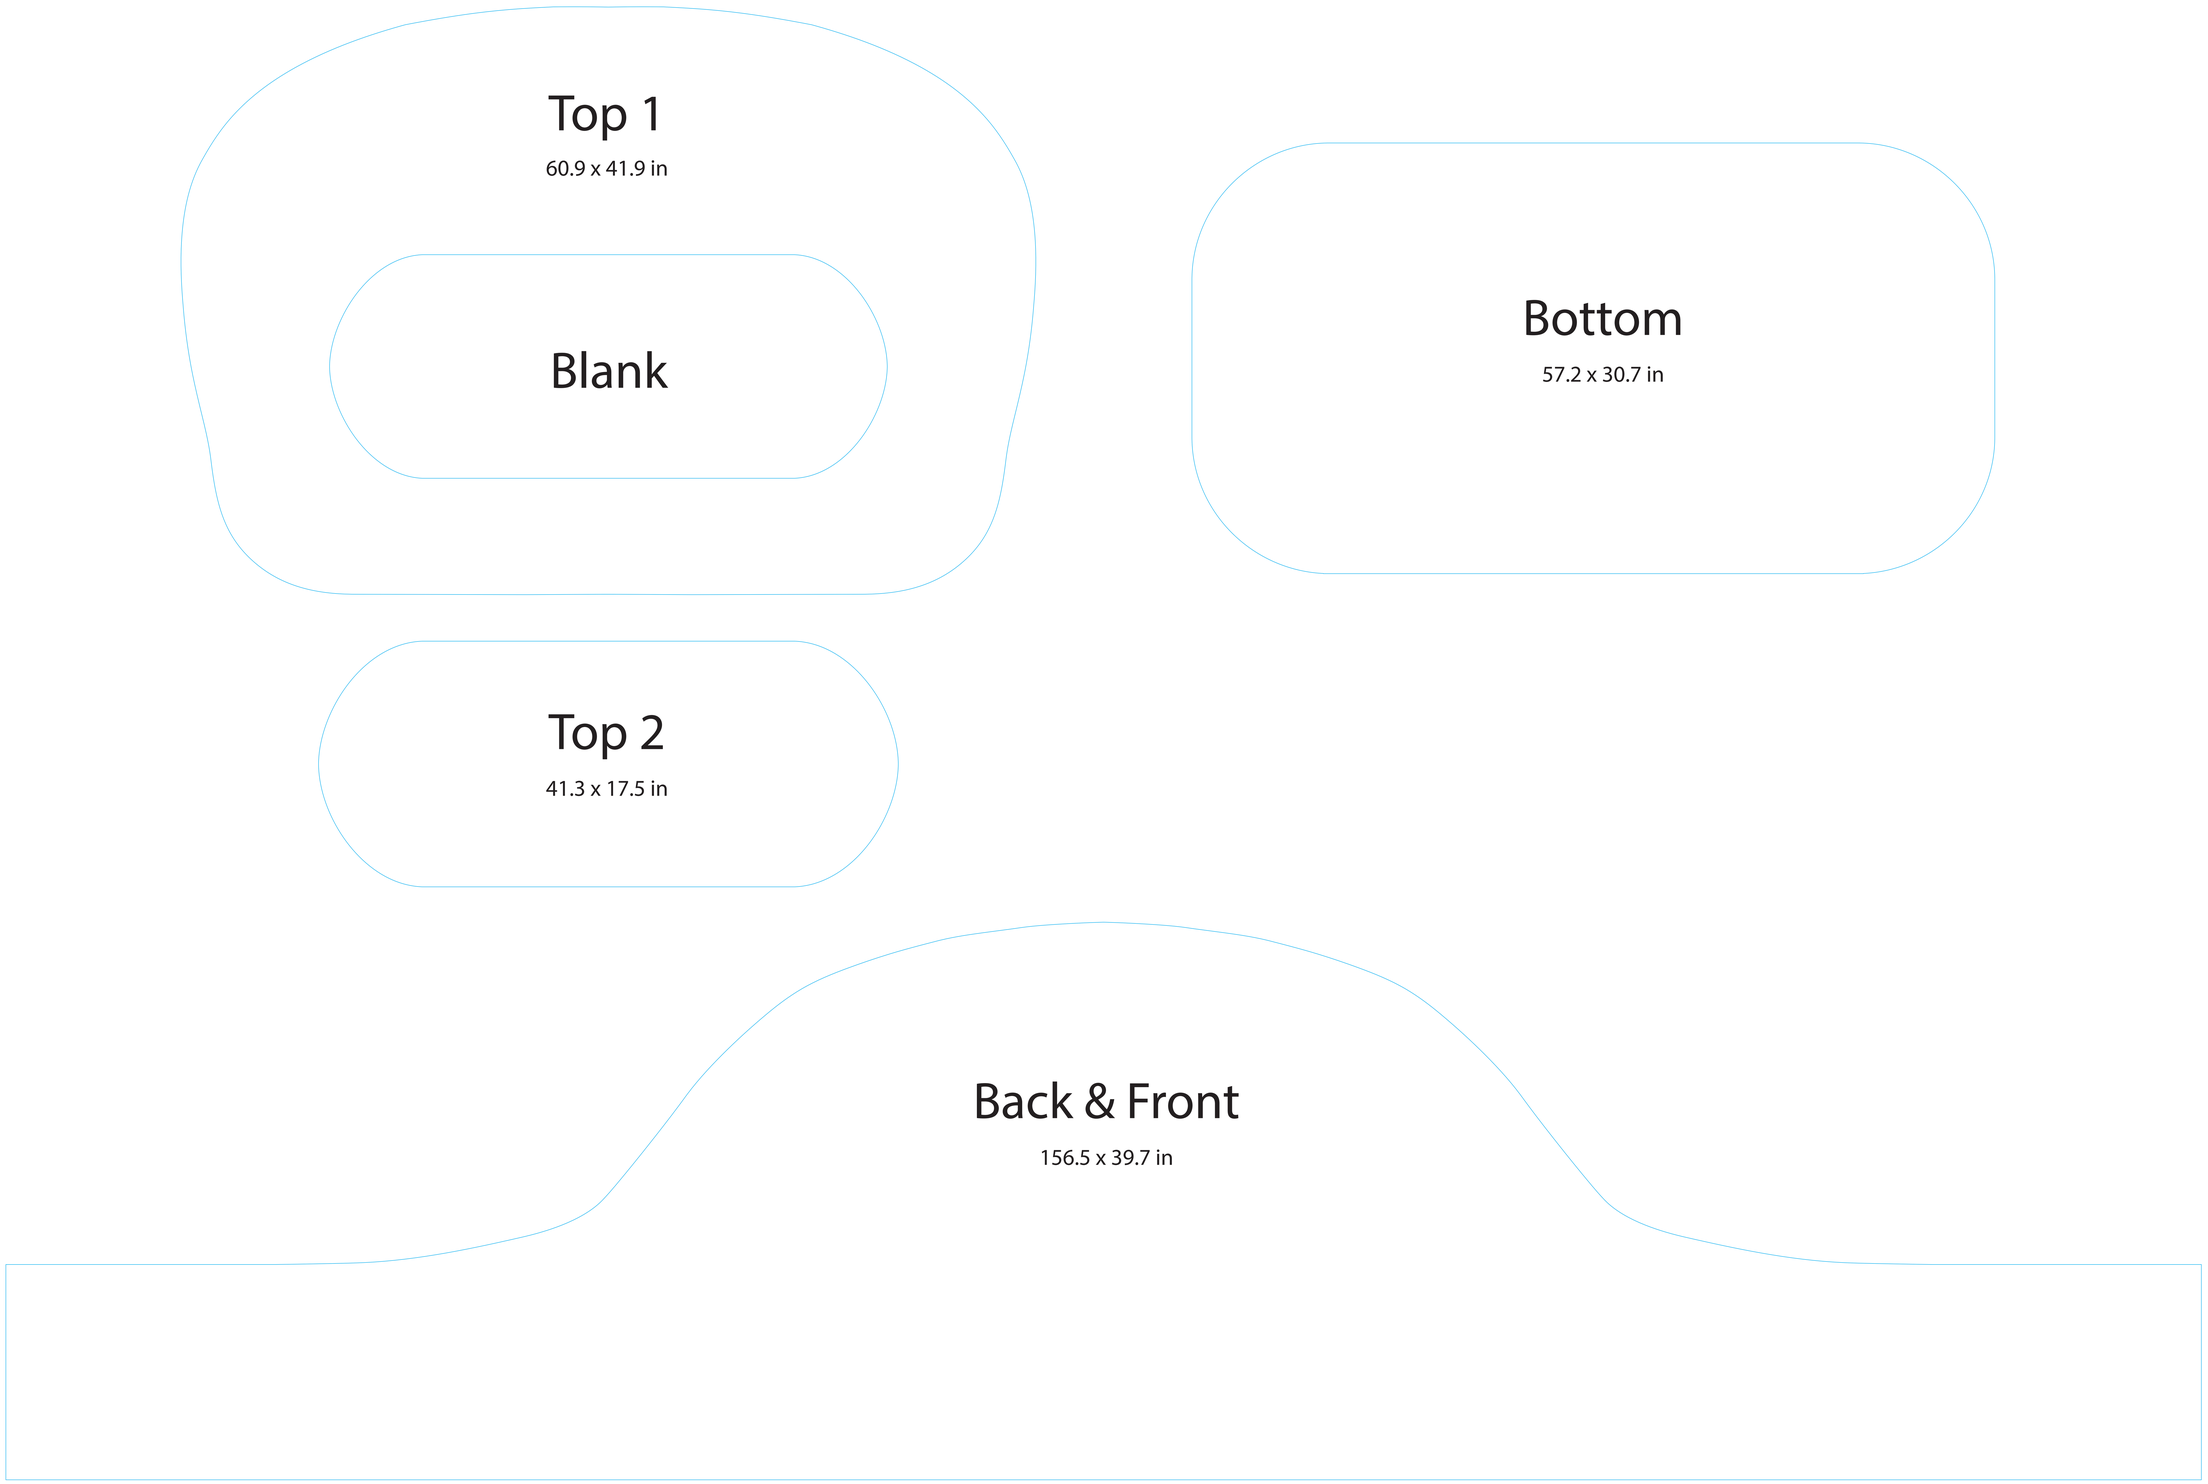
# Inflatable Couch



Open this PDF in Adobe Illustrator and place your vector artwork in the designated 'Artwork' layer of this document.

To avoid any unwanted alterations to your artwork, please ensure all text & strokes are outlined.

If your artwork contains raster files (eg JPGs), please provide them in as high a resolution as possible. They must be at least 200dpi on this template to avoid significant pixelation. Please ensure images are either embedded into this document or provided separately.

If necessary, you can reduce the file size by saving this document as a PDF and unticking 'Preserve Illustrator Editing Capabilities' in the save options.

We request that you provide us with Pantone references in order for us to achieve the closest possible match to your brand colours. Please be aware that slight colour variation may occur in the printing process.

It is advised that any essential elements such as text & imagery are kept away from the panel edges to allow for stitching.
